

Now is the time to join a local homeschool support group. No where else can you find advice, support, fun activities and friends for all ages in one location!

Because homeschool support groups come and go rather often, we do not try to keep an updated list of every support group in the state. However, we do list groups in the tri-county area (Montgomery, Autauga and Elmore). If you would like to add or update your group, or if you discover that one no longer exists, please email us at *info(at)outlookacademy(dot)com* with Support Group in the subject line.

If a group near you is not listed here, check the list at [Leaping From the Box](#) . It has a very comprehensive and regularly updated statewide list.
